<div>(Check One)</div> <input type="checkbox"/> Moved <input checked="" type="checkbox"/> Original Site	
DESCRIBE THE PRESENT AND ORIGINAL (if known) PHYSICAL APPEARANCE	
<p>Hog Range, so called for the neck of land south of Church Creek, is an early 20th century dwelling which is gradually falling apart. It has the form of a Queen Anne style structure, but lacks the decoration which is so much a part of the style. It consists of a five bay long by four bay deep, hip roof structure with a bay window on the north having a gable roof. Around three sides of the building are one story porches with pediments where there is an entrance. The windows have 1/1 sash and louvered shutters. On the roof are two chimneys from the apex of the hip roof and a hip roof dormer on the east side.</p>

**STATEMENT OF SIGNIFICANCE**

This house is a very popular form of dwelling constructed in Cambridge and Hurlock when the towns became more prosperous. This house is in poor condition, but its presence in this survey represents a type structure frequently found in the early 20th century.
